Install the extension

YouTube Ad Break Blocker • 5 steps

01 Extract the downloaded ZIP

Unzip YouTube-Ad-Blocker.zip on your computer.
Keep the extracted youtube-ad-blocker folder.

```
youtube-ad-blocker/  →  manifest.json
```

02 Open Chrome Extensions

Type this in the Chrome address bar, then press Enter.

```
chrome://extensions
```

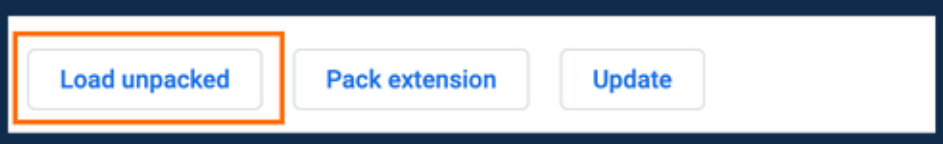

03 Enable Developer mode

Switch it ON at the top right. Green marks the control.

04 Click Load unpacked

Orange marks the button on the Extensions screen.

05 Select the extension folder

In the file picker, select youtube-ad-blocker.
The folder contains manifest.json, player.js, rules.json.

```
youtube-ad-blocker/
  manifest.json   player.js
  rules.json      README.txt
```

Finish and check

Chrome shows “YouTube Ad Break Blocker” on the Extensions page. Refresh open YouTube tabs and play a video.
